

Big Picture *Bio*

IDENTITY / MASTER ASSET GUIDE

The idea

Evolving disease populations diminish to zero. The background is the recovered space.

Primary lockup

Source Serif 4, Regular 400 / optical size 32. Bio is italic. Shared baseline.

Clear space

Leave at least half the mark height around the complete logo.

Minimum sizes

Full lockup: 180 px on screen or 45 mm in print. Below this, use the mark.

Backgrounds

Plum lettering on white or warm ivory; ivory lettering on dark backgrounds.

Do not

Do not rotate, stretch, outline, recolour the bands or reverse their direction.

Print

Letterheads are blank vector PDFs and editable SVGs. Exports use RGB colour.

Production

Ask your printer for a proof and an ICC-profile conversion for their paper stock.

Press

Use the outlined SVG masters or the 3200 px transparent PNG logos.

Social

Upload PNGs. Preview the platform crop before saving; avatar crops vary by device.
